All students at BYU-Hawaii create their Holoka'i – or academic journey – by sharing some central academic experiences, Religious Education courses and a core of Math and English. In addition to that, each student puts together a unique combination of programs including a **Major** and **two additional minors or certificates** so that they have at least one program from each category: Arts & Humanities, Math & Sciences, and Professional Studies.

The shared compass for each student's voyage are the BYU-Hawaii outcomes, that students develop both breadth and depth of knowledge and the thinking skills and character of a servant-leader, the ability to inquire, analyze, and communicate and to act with integrity, stewardship, and service, to prepare them to serve in a world community as productive, responsible citizens and as faithful members of The Church of Jesus Christ of Latter-day Saints.
